Date of birth:

ALL vaccinations on this list are necessary to obtain a US visa.

They may differ from the French vaccination schedule but are obligatory for entry for immigrants into the United States. However, the doctors will not oblige you to take certain vaccines if you are opposed to them on medical, moral or religious grounds, but it will be noted in your medical file and you must contact the U.S. Citizenship and Immigration Services website yourself for waiver information: www.uscis.gov.
